The bottom line of social networking in schools is that if you wouldn't do it in class, you shouldn't do it online. Lila Daniels is a freelance writer living in Vermont. She previously worked in higher education publishing and as a high school art teacher. She writes on education and art for online publications, including OnlineSchools.com; 10 Social Media Sites For Education, Networking

Social networking service - Wikipedia

A social networking service (also social networking site, or SNS or social media) is an online platform which people use to build social networks or social relations with other people who share similar personal or career interests, activities, backgrounds or real-life connections. Social networking services vary in format and the number of features. They can incorporate a range of new
