Standard operating procedure - Wikipedia

A standard operating procedure (SOP) is a set of step-by-step instructions compiled by an organization to help workers carry out complex routine operations; SOPs aim to achieve efficiency, quality output and uniformity of performance, while reducing miscommunication and failure to comply with industry regulations .

Standard Operating Procedures Templates |

Smartsheet

A standard operating procedure (SOP) is a set of written steps that captures the best practices of a field or industry as applied in a specific organization. SOPs are often created to provide specific steps when activities include known hazards that could inflict loss of property or injury, but SOPs also ensure the repeatability and consistency of the performance of any type of process.

Standard Operating Procedures: Definition & Explanation ...

Standard operating procedures are a set of steps that outline how a product should be made, a situation handled, or a policy followed. They are used by companies to ensure consistency and quality.
